<p>SCRIPT/NARRATION</p> <p>This just shows how uneducated we about the new e cigarettes. Teens do not know what is going into their body. 66% say it is just flavoring.13.7% say they don't know. 13.2% say only nicotine and 5.8% say marijuana.</p>		<p>Boys are more prone to use e cigarettes than girls. 30.2% of students in Missouri have used an ecigarette in the past thirty days. One out of 10 say it has been used during school.</p>		<p>Nicotine risk increases the risk of heart attack, stroke, and brain damage by increase in heart rate and blood pressure. Nicotine also affects the area of the brain that is responsible for attention span memory and learning. Nicotine exposure can cause addiction.</p>
